

COAL ARBITRATORS ARRIVE AT CAPITAL

President Mitchell of Miners
Union Ready For Work.

OUTLOOK IS VERY GRATIFYING.

One of the Preliminary Questions
Which Will Require Much Attention
Is What Questions Will Be Taken
Up by the Committee.

Washington, Oct. 27.—With one or two exceptions, the parties to the anthracite coal controversy have arrived in the city for the purpose of attending the conference with the president's commission, which is to be held this afternoon, and it is expected that all will be present when the conference opens. The members of the commission are all in the city. Notwithstanding there are quite a number of details to be arranged, the members of the commission are hopeful that they will be able to complete the preliminary arrangement at one sitting. So far as the operators and miners have expressed themselves, they have indicated a willingness to subordinate their desires in the matter of time and place of hearing to the wishes of the commission. It is the general understanding that practically all the meetings for the taking of testimony will be held in the anthracite regions, and it is believed that the commission will be able to get to work during the present week.

Another preliminary question which will require attention is that as to the questions to be taken up by the commission. Mr. Mitchell, who reached Washington at 2 o'clock this morning, accompanied by district President Fahy, will press for a general inquiry, while it is understood that the operators will seek to restrict the inquiry.

A Chicago Mystery.

Chicago, Oct. 27.—The body of Neil Anderson, 5841 Rosalie court, was found early today among a clump of bushes on the Washington Park golf links by a passing policeman. Considerable mystery surrounds the case, as a bullet hole was discovered in the man's head, but no trace of any weapons could be found. Anderson was at one time general agent of the White Star Steamship company, and was at one time connected with the Atlantic Steamship company. He was one of the most widely known steamship men in the United States.

TELEGRAPHIC BREVITIES.

St. John Moore, a well known cotton buyer of Augusta, Ga., was found dead in a room at the Planter's hotel.

The police have captured an accomplice in the reported plot against Dowager Empress Marie Dagmar, of Russia, which was recently unearthed at Copenhagen.

The Indian police are ejecting large herds of cattle in the vicinity of Marietta, I. T., because the stock men persist in refusing to settle the tribal tax, which is now being forced by the United States government.

Former Vice President Adlai Stevenson will be the principal speaker at the Democratic mass meeting to be held in Madison Square garden. Mr. Stevenson has refused all other invitation to speak during the present campaign.

Dr. Laponi the Pope's private physician, is suffering from appendicitis and the pontiff is much distressed. Dr. Massoni, who operated on the Pope for a cyst about two years ago, is attending Dr. Laponi and may operate on him.

As a result of a collision on the Northern Pacific between a locomotive eastbound and a double-header freight, a few miles west of Boise, Idaho, P. Sayers and Engineer Buser, were seriously injured and the three locomotives badly wrecked.

Frank E. Elwell, of Brooklyn, N. Y., an international authority on motor cycling, and a frequent contributor to the magazines devoted to this sport, has been killed near Hicksville, L. I., while participating in a club run. The head stem of his machine broke as he was speeding along at a fast clip, and he was hurled to the ground with such force that his neck was broken.

Admiral O'Neill, of the naval bureau of ordinance, in his annual report made public today, says that the ordinance bureau wants \$13,182,860 next year, of which about \$10,000,000 is to be devoted to arms and armament for the new warships. Admiral O'Neill says that for the first time in years the manufacture of armor has progressed in a satisfactory manner; 612 tons were delivered at the various ship yards during the year.

"A settlement has been reached in the Georgia Railroad Engineers' conference with the officials of that road. The railroad management agreed to adopt the mileage system of pay and also conceded the request of the men in the manner of choosing men for special work. Nothing was said in the contract about the reinstatement of the men who composed the first committee and who were discharged by General Manager Scott.

ATLANTA TO SEE CRESCUS.

Memphis, Tenn., Oct. 27.—The campaign of Champion Cresceus will not extend to foreign countries this year. The champion will try to create a new record to succeed 2:02 1/4 here again on Tuesday, after which he is scheduled for a trip through Alabama, Georgia, Florida and other states, with the following itinerary:

Throat Cut From Ear to Ear.

Columbia, S. C., Oct. 27.—Eliza Kershaw, a young mulatto woman, was murdered 2 miles north of the city some time Saturday night. The body was found in the muddy road, the throat cut from ear to ear. Winter Cantry, a negro about 55 years old, is wanted by the police. He was seen with Eliza last evening.

Detectives After Diamond Thief.

Atlanta, Oct. 27.—The city detectives were working hard yesterday to capture the crook who secured three valuable diamond rings from Davis & Freeman, jewelers at No. 47 Whitehall street. It is believed the rogue is still in the city hiding out and waiting for an opportunity to get away. He did not escape, as has been stated, by going into a room and then through a side door, but he invited the clerk, who had the diamonds, into his room, No. 304, and left him there, saying that the lady who wanted to select one of the three rings was in an adjoining room. The clerk waited about 15 minutes and then asked a hotel attache to help him find the man. "Dr. Stevens" walked out of room No. 304, where he had left the clerk, and deliberately went down the steps to the first floor and then into the street. He had 15 minutes or more start of his pursuers.

Gen. S. M. B. Young at Catskill.

Catskill, N. Y., Oct. 27.—Major General S. M. B. Young is a guest of George Lanahan, of Washington, D. C., at Mr. McLaughlin's country home here. General Young said today that a published report relating to the coming to America of nonunion commissioned officers of the English army was misleading. It is possible, it is said, that the Englishmen who are trained athletes may come over and give exhibitions at the military tournament at Madison Square next spring and such exhibitions, he added, might prove interesting to Americans as showing the results of practical training in England. The English training, according to General Young, is not superior to the system at West Point, but is much better than can be found at American military posts.

Major Evans Not Guilty.

Columbia, S. C., Oct. 27.—After being out only 5 minutes the jury in the case of Major Barnard B. Evans brought in a verdict of not guilty. He was charged with the murder of a man in Evans' apartments. He claims that both were drinking and in a friendly scuffle the pistol was discharged. Major Evans' frantic condition when the homicide was first made known caused the case to appear black against him.

First All-White Vote.

Charlotte, N. C., Oct. 27.—The first election to be held under the franchise restriction for the purpose of eliminating the negro from the privilege of the ballot in North Carolina will occur Nov. 14, and the indications are that the object of the framers of the amendment to the constitution will be more than realized. In fact, it will be a surprise to those who have looked into the registration figures if the total negro vote in the entire state aggregates 5,000. This is a reduction of from 15,000 to 20,000 in the earlier estimates of the effect of the new restrictions.

Guest Shoots Hotel Clerk.

Charlotte, N. C., Oct. 27.—Edward L. Utley, a member of a prominent family, shot and instantly killed T. B. Hollingsworth, night clerk at Hotel Lafayette, Fayetteville, N. C., about 1 o'clock Saturday morning. Hollingsworth summoned an officer because Utley had fired a pistol in the hotel, but when the policeman appeared he told him not to arrest Utley, as he might remain quiet. The officer had just left the building when Utley shot Hollingsworth through the head, the clerk falling dead behind his desk.

ELIZABETH STANTON DEAD AT NEW YORK

Noted Woman's Suffragist
Passes Away at Her Home.

WAS EIGHTY-SEVEN YEARS OLD.

Old Age Was Given as the Cause of Her Demise—Funeral To Be Held on Wednesday and Interment Will Be at Woodlawn Cemetery.

New York, Oct. 27.—Mrs. Elizabeth Cady Stanton died Sunday afternoon at the age of 87, after a short illness, at her home in this city. Old age was given as the cause of death. She was conscious almost to the last. About a week ago Mrs. Stanton began to fall rapidly. This became more noticeable last week, and then it was known to the family that her death was only a question of days or hours. The children with her when she died were Mrs. M. F. Lawrence and Mrs. Stanton Blatch, of New York; Henry and Robert L., of New York, lawyers; Theodore, of Paris, and G. Smith, a real estate broker at Warden Cliff, L. I. The funeral will be held on Wednesday, but the hour has not been set. The interment will be in Woodlawn cemetery.

President Celebrates Birthday.

Washington, Oct. 27.—President Roosevelt today quietly celebrated the forty-fourth anniversary of his birth. He was down in his office early, going over some matters with Secretary Cortelyou, who had just returned from Canton. Many messages of congratulations were received and numerous remembrances arrived during the morning. A committee representing the Hungarian club, of New York, of which the president is an honorary member in accordance with their custom for several years, called to congratulate him upon his anniversary. The committee consisted of Marcus Brann, president of the club; Julius Wolff, John Blau and Edward Kohn. Several members of the cabinet also called to extend their congratulations, Secretary Hitchcock being the first to arrive.

Large Number of Mines in Operation.

Wilkesbarre, Pa., Oct. 27.—There are more mines in operation in the anthracite region than at any time since May 12 last, when the strike began. The Lehigh Valley region continues to be the barren spot. The employees of Pardee & Co. and Cox & Co., are still idle. The Lehigh and Wilkesbarre Coal company started up its collieries in the Lehigh region today. Ninety-five per cent of the mines in the Wyoming and Lackawanna region are now in operation, and there will be a large increase in the output today. The output of the collieries of the Delaware, Lackawanna and Western company and the Delaware and Hudson company will be expected this morning.

Colliery Failed to Resume.

Tamaqua, Pa., Oct. 27.—Park Place colliery, operated by Lentz & Co., situated between Mahanoy City and Delano, did not resume today owing to the fact that the operators refused to take back 15 union men discharged because of the claim that they were ring leaders in the disturbances which occurred during the strike. The union held a meeting yesterday and the members decided by an unanimous vote to stay out until these men were reinstated. This strike affects nearly 1,000 men and boys.

Seven Collieries Resume Work.

Hazleton, Pa., Oct. 27.—Operations were resumed today at seven additional collieries in the Hazleton district. The Lehigh and Wilkesbarre company took back most of its former employees. Room has not yet been found for all the strikers at C. Pardee works. At Beaver Brook all old hands were reinstated. The Coxes' employees at Beaver Meade were not required to sign any agreement, but all who applied for their old places had to do so as individuals.

Shot by Robber.

Popular Bluff, Mo., Oct. 27.—A large crowd has surrounded the jail and it is feared there will be an attempt to lynch William Brock, a negro, in custody on the charge of murder. Brock was arrested on the charge of having killed John T. McKenna, a highly respected citizen. McKenna was found lying on the street, having been shot. Just before he died he said that Brock had attempted to rob him and had shot him.

Drove of Cows Wreck Train.

New Orleans, Oct. 27.—The north-bound train on the Mississippi Valley, which left here at 3:15 last night was wrecked south of Baton Rouge as a result of running into a drove of cows. The entire train was derailed. Engineer Harry Wohlman and a negro tramp were killed. Ironore Hughes, the negro fireman was fatally injured. The passengers had miraculous escapes. None of them was hurt.

Scotch Miners Want Increase.

Glasgow, Oct. 27.—The Scotch miners have demanded an increase of 12 1/2 cents in wages. About 7,000 miners are affected.

DESPERATE NEGRO CAPTURED.

After Two-Year Chase He Is Held at Osceola, Ark., for Authorities.

Macon, Ga., Oct. 27.—After two years the negro who murdered Sneed, a night watchman at Stevens' pottery, has been caught, and is being held in Osceola, Ark., until the Macon authorities can send for him.

The negro's name is Lee Edwards, and at the time of the tragedy, he was employed at Stevens' Sons works, under the direction of Sneed. A trivial misunderstanding caused the negro, who was a desperate character, to kill young Sneed.

The death of Sneed was particularly sad, as he had only been married a month or so, and was a young man of promise.

The negro escaped, and, although every effort was made to catch him, he was never traced until about a week ago. The Macon authorities were notified that a man answering the description of Edwards had been arrested in Osceola, Ark. Further investigation has convinced the authorities that the right man has been caught, and Detective Amerison has left for Arkansas to identify him and bring him to Macon, if he is the right man.

Santa Maria in Eruption.

New York, Oct. 27.—Since Saturday morning the volcano of Santa Maria, in the department of Quezaltenango, in the northwestern part of Guatemala, has been in eruption, cables The Herald correspondent at Managua, Nicaragua. The eruption is attended with a terrifying roar, and shocks are felt all over Nicaragua, Salvador and Costa Rica. No damage has been done here, but there is great alarm. Santa Maria has not been considered an active volcano. There are several towns and villages near it. It is only about 10 miles from the recently ruined town of Quezaltenango and 15 miles from Meztanango, which has about 6,000 residents. The height of the volcano is 12,457 feet, or about three times as high as Mont Pelee, in Martinique. Guatemala suffered severely from earthquakes several days last April when many towns and villages along the Cordillera were either totally or partially reduced to ruins. The towns of Quezaltenango and Amfitlan, capitals respectively of the departments bearing the same names, were destroyed.

Three Men Fall From Chimney.

New York, Oct. 27.—Two men were killed and another fatally injured by the collapse of a swinging scaffold on the tall chimney of the American Sugar Refining company, in Williamsburg. The dead are John Mulrey and John Williams, of Newark, N. J., and the injured, Henry Cooper, of Newark, N. J., and the injured, Henry Cooper, of Newark. The chimney is 275 feet high. They had fastened the scaffold insecurely, and it slipped.

Fernandina, Fla., Oct. 27.—Morgan Little and James Gill, white men, died last night after drinking heavily of mixed drinks before drinking the medicine, it is said. The men were well known and the news of their death has created considerable excitement.

Baseball Protection Withdrawn.

New York, Oct. 27.—The arbitration board of the National Association of Professional Baseball Leagues at its session Saturday withdrew its protection from the Memphis club. This action was taken immediately upon receipt of a telegram from J. E. Hutchinson, secretary of the Memphis club, stating that the officials of that club unqualifiedly indorse the position taken by its manager, Charles Frank, who was yesterday expelled by the National association. A meeting of the Southern association has been called by Judge Kavanaugh, of Little Rock, to take action regarding the Memphis club. The meeting will be held in Little Rock, Oct. 29.

To Exhibit at St. Louis.

New York, Oct. 27.—It is expected that Premier Balfour shortly will make a statement in the house of commons, says a London dispatch to the Tribune with reference to the participation of the British government in the St. Louis exhibition, since a special grant will have to be made, while a strong commission will have to be appointed, as in the case of the Paris exhibition. In addition to the official co-operation of leading industrial concerns of this country will be asked to exhibit, and there is no doubt that the request will be passed with all the energy possible.

Mine Boss Is Killed.

Pinerville, Ky., Oct. 27.—Jesse Broughton, who was recently convicted on the charge of murdering Charles McIntyre, but who secured a new trial, was shot and killed at West Pineville late last night. Britt Harlan was badly wounded at the same time. Harlan says he, with Broughton and Joe Sparks, was sitting on the railroad talking when Will and Hays Peace came up and fired. Broughton was a mine boss and it is said he reprimanded the Peace boys yesterday.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
